### **Vision**

The restoration of Southern Africa's Foundation Nation into their redemptive purpose, i.e. to the predestined plan and purpose as determined for them by the God of Covenant. As Indigenous people they have the mandate to :

- *Speak on behalf and for the land*
- *Stand in the gap for repentance for the sins of the land*
- *Extend forgiveness where they have been hurt*
- *Bring healing to the people and healing to the land*
- *Become redeemed priests of the land, so that it can yield forth righteous fruit benefitting the nations*

### **Mission**

To help with the empowerment of interested parties to bring spiritual, social and economic restoration for the Foundation Nation. This is achieved by networking with various communities; organisations and institutions by identifying areas of need - then to actively engage these communities to take responsibility for empowerment and its benefits.

### **Statement of Faith**

We subscribe to the principles of the Kingdom of God, based on righteousness, truth, justice, love and peace and its fulfilment through Messiah [Christ] as a basis of our endeavour in *Biblically restoring the Foundation Nation of Southern Africa*.

### **Membership**

Will be open to all interested parties whose vision is in line with that of the FNR and who subscribe to our Statement of Faith. All applications will be scrutinized by the Board of Trustees. It is expected from all parties to act at all times with integrity and behaviour that is above reproach and that endorse our Statement of Faith.

## *The importance of a nation's Foundation Nation*

*"He (God of Covenant) made of one man (Adam) every nation of people so they could dwell on all the face of the earth. He determined their appointed seasons, and their boundaries of habitation. This He did so each nation could seek Him ... because He is not far from us" [Acts 17:26-27]*

## *Nations and Southern Africa's Foundation Nation*

History shows that the Foundation Nation, as first nation of Southern Africa, has welcomed several other nations arriving in our land from the central parts of Africa, Europe and the East.

As Foundation Nation of Southern Africa we are called to be stewards of the land and its resources. As with other Foundation Nations, the role of Southern Africa's Foundation Nation, according to the principle of the First is to be:

- *A host to other nations*
- *Stewards of the land's resources (such as water, land, plants and mineral resources) and the overall ecology of the land*
- *Priests unto the God of Covenant for matters concerning the land*

The Foundation Nation continues to love the calling to be servants, i.e. priests of our land, its ecology and resources and to help other individuals and nations discover the God of Covenant's blessings in and through the land.

## *Who is Southern Africa's Foundation Nation?*

Research from archaeology, history and genetics prove that  $\pm$  80% of the 'so-called coloureds' of Southern Africa are directly related and are descendants of the Foundation Nation.

The Foundation Nation has a central role in the God of Covenant's calling and destiny for Southern Africa, starting with South Africa, as recorded in Acts 17:26.
