

Amanda's prime focus is on **equipping and teaching** believers through DVD's and/or manuals throughout the world. As a result of preparing for her teachings and travelling schedule, she is no longer available to see anyone personally.

We are not a crisis deliverance ministry. From experience, we have learned that **prayer alone is not going to help**. The prayers **work together with** the J2F, J2W AND Acts series. Working through them ensures that you understand the full understanding of the spiritual realm so that you can pray much more effectively.

Please work through **Manuals & DVDs** of ACTS.

Topics covered include:

- ◆ Self-injury/cutting,
- ◆ Transference/counter-transference,
- ◆ Second heaven and counterfeit manifestations,
- ◆ Latest technology, techniques, and programming on mind-control,
- ◆ Energy weapons,
- ◆ A LOT of practical HOW-TO on specific cases, and how the army of the LORD should work in a deliverance setting - including a practical demonstration on how to do deliverance,
- ◆ And MUCH MUCH MORE!!

We'll also be covering an excellent understanding on the New World Order and how they have tried to fulfill satan's instructions to bring back Nimrod and restore Babylon to its former glory ... this will answer the questions of "*WHY mind-control?*" and "*WHAT is the Luciferian/Global Elite's AGENDA?*"

Please note: the ACTS manuals are unfortunately not free to download due to copyright. It can be ordered from our [admin office](#) in Cape Town or if you are **not from South Africa**, you can order them from our [media manager](#), the Netherlands.

Here are the content pages of all three manuals:
